Avignon is waiting for you !

For a while capital of Christendom in the Middle Ages, Avignon has preserved an exceptional cultural inheritance from its History, and a large part of this is listed by **UNESCO** as **World Heritage sites** :

not only the Palais des Papes and the Pont d'Avignon but also the large square in front of the Palais with the baroque façade of the Exchange, the Museum of the Petit Palais and the Avignon Cathedral, Notre-Dame des Doms, as well as the stretch of ramparts that run from the Garden of Les Doms to the bridge. .

The WBO meeting will be held during the **AFO festival**.

AFO is a french specialized budgerigar's society. The 180 members are not only from France but also from Belgium, Germany, United Kingdom and Switzerland.

Each year at the autumn season, the show gets about 1 000 - 1 400 entries.

The organiser is **PsittaCom** a comitee of the **U.O.F. (COM - France)** [*Union Ornithologique de France*] who is the main french cage birds society.

The meeting will be held in the center of Avignon old city and the show will take place in Avignon north suburban (Sorgues).

Provence Tour

Discovering Lubéron

During your stay in Avignon, we invite you to join our Provence tour. Especially organised for the **WBO meeting** and opened to all delegates, AFO & UOF members and families.

The sightseeing tour of that region situated between the Alps and the Mediterranean contains a wide variety of landscapes.

- **The Abbey of Sénanque**: the fields of lavender cultivated around it form a remarkable contrast with the **Cistercian style**. The Abbey was built in the 12th century in a very spare style and is a listed historical monument.
- **Gordes**, magnificent village, which was home to a number of artists such as the painter Vasarely and the photographer Willy Ronis.
- The Village of **Roussillon**, built at the top of a hill, whose lands have been exploited for their **ochres**. The former quarries have carved a fantastic landscape with **striking colours**, where you can walk.

*Saturday september 22th from 14:00 to 18:00
Special offer : 45,00€ (entrance fees included)*

Virée en Provence

À la découverte du Lubéron

C'est avec plaisir que nous vous invitons à une visite guidée de la Provence pendant votre séjour à Avignon. Cette activité est spécialement organisée à l'occasion du **Congrès de la WBO** et du **Festival AFO**.

Cette région située entre les Alpes et la Méditerranée offre une grande diversité de paysages.

- **L'abbaye de Sénanque** : les champs de lavandes cultivés autour offrent un remarquable contraste avec le **style cistercien**. L'abbaye fut construite au XII^{ème} siècle. Elle est d'une grande sobriété, aujourd'hui classée aux **Monuments Historiques**.
- **Gordes**, est un magnifique village, classé parmi les plus beaux **villages de France** qui a accueillis de nombreux artistes comme le peintre Vasarely et le photographe **Willy Ronis**.
- Le Village de **Roussillon** construit au sommet d'une colline dont les terres ont été exploitées pour leurs **ocres**. Ces anciennes carrières ont façonné un **paysage fantastique** aux couleurs saisissantes, des parcours y ont été aménagés.
